During the period 2/24 to 26/69, [redacted] advised that LEIBEL BERGMAN, BOB AVAKIAN, ~~STEVE HAMILTON~~ and MARVIN TREIGER are engaged in writing a paper for the RU which will be an attack on PLP. They feel, according to the source, that this is a most important paper in that it is necessary to expose the PLP as not following the true line of the Chinese Communists.

According to the source, BOB AVAKIAN is the driving force behind the preparation of this document. [redacted] advised that AVAKIAN appears to be very well versed in Marxist-Leninist theory and in the history of Marxism-Leninism in the Soviet Union. Source stated that AVAKIAN is also well versed in the Chinese Communist line and in his conversations uses such popular Chicom terminology as resolving contradictions and, instead of using the normal word discussion, uses the word struggle.

According to the source, these RU members believe that PLP must be destroyed and that the RU must take a leading role in this effort. LEIBEL BERGMAN feels that the anti-PLP paper must be completed in view of upcoming SDS activities in April, 1969, in order to offer the SDS membership an alternative to PLP.

[redacted] advised that on 2/24/69, LEIBEL BERGMAN
